
Title: B-H

Author: Baeleron Moartes

*You see a book and on
the cover is a blood red
hand with the initials B-H
carved into the palm*

Greetings my friend, by
the simple act of opening
this book and reading its
pages you have taken
your first steps to self
enlightenment and
freedom.

The world as we know it
now is flawed. It is run
by persons who are not
strong enough to lead it
so they use falsities like
virtues and honor to hold
the people to the path
of right.

They do this because they
do not know how to lay
down proper laws and
enforce those laws. There
is an olde saying "The
weak can never rule the
strong". This exactly
describes the current
situation in our world.

The weak (forces of
light) are trying to tell
the strong (YOU!!) What
you should believe in, how
you should behave and
what you should do in
certain situations.

Now I have your
attention, I can feel it.

You know this is not
right, but do you know
what you must do?

Resist, rebel, leave the
virtues and the restraints
of honor and decide for
yourself what you will do
and how you will behave.
There is another option
my friend.

Join The Brotherhood of
The Hand in our quest to
liberate the world one
city at a time from
these liars and thieves
of individuality. The
Brotherhood is an army
comprised of soldiers
from every walk of life
in these lands bent on
the betterment of our
lands as a whole. We
get what we need either
negotiations with like
minded guilds or through
direct military actions
with those that
are not our equals. The
choice is yours my friend.
Sit here and watch this
world crumble into a
mindless following of
persons who only think
about virtues and being
in love with everyone. Or
rise up and take what is
yours. Make your own
decisions on what is right
and wrong. Decide for
yourself if you want to
follow the virtues. But
most importantly you will
become one of the
strong, one of the
powerful. You will be
feared and idolized among
men and sought after by
woman by simply donning
the mark of the Hand.
Make no mistakes. We kill
when need be. Those that
stand in our way are
crushed under foot and
only the strongest of
persons can make it into
our ranks.

Do you have what it
takes to become a
Brother?
Begin your journey to
self enlightenment by
sending me a pigeon.

You have nothing to lose

and the world to gain. So
send it now my friend.
